Department:
Higher Education and Training
REPUBLIC OF SOUTH AFRICA

DHET Statement on 2014/15 Accredited Journal Lists

The Department would like to remind institutions and researchers that the *Policy and Procedures for the Measurement of Research Output of Public Higher Education Institutions (2003)*, governs the awarding of research output subsidy to institutions and supersedes the list of accredited journal titles that the department sends to institutions annually.

The approved list of journals serves to support the implementation of the research output policy. Researchers should ensure that they publish in journals that adhere to the criteria as defined in the Policy. If a journal on the list does not adhere to the policy, researchers should inform their institution and the department. The Department reserves the right to withhold payment of research output subsidy in respect of any publication published in a journal that does not meet the criteria as outlined in the research output policy.
